

REHABILITATION SCIENCES

The Department of Rehabilitation Science is made up of faculty and staff that are Innovators! Our faculty are internationally and nationally recognized for creating new programs in research, teaching and community service for the Oklahomans that we serve.

- In our entry-level professional programs, we are the only department in the country to offer integrated plans of study for our Doctor of Occupational Therapy (O.T.D.) (<http://alliedhealth.ouhsc.edu/Prospective-Students/Academic-Programs/Doctor-of-Occupational-Therapy-OTD/>) and Doctor of Physical Therapy (D.P.T.) (<http://alliedhealth.ouhsc.edu/Prospective-Students/Academic-Programs/Doctor-of-Physical-Therapy-DPT/#13897329-message-from-the-program-director>) students. What this means for you is that you will benefit from learning from both occupational therapy and physical therapy faculty while learning and practicing with both OT and PT students.
- In post-professional programs, our faculty in the Doctor of Science (D.Sc.) (<http://alliedhealth.ouhsc.edu/Prospective-Students/Academic-Programs/DSc-in-Rehabilitation-Sciences/>) and Doctor of Philosophy (Ph.D.) (<http://alliedhealth.ouhsc.edu/Prospective-Students/Academic-Programs/PhD-in-AHS-with-Specialization-in-RS/>) mentor leaders in our profession that transform our professions through teaching, research and advanced practice.
- Doctor of Occupational Therapy, O.T.D. (<https://catalog.ouhsc.edu/allied-health/information/academic-programs/rehabilitation-sciences/occupational-therapy-otd/>)
- Doctor of Physical Therapy, D.P.T. (<https://catalog.ouhsc.edu/allied-health/information/academic-programs/rehabilitation-sciences/physical-therapy-dpt/>)
- Doctor of Rehabilitation Sciences, D.Sc. (<https://catalog.ouhsc.edu/allied-health/information/academic-programs/rehabilitation-sciences/rehabilitation-sciences-dsc/>)
