## **FM 9057. Community Preceptorship: Lawton. 160 Clock Hours.**

Prerequisites: Senior Standing A four-week rotation in a non-metropolitan Oklahoma community, under the direct supervision of physicians selected by the College of Medicine.

**Course Type:** Clinical

## **FM 9058. Community Preceptorship: Enid. 160 Clock Hours.**

Prerequisites: Senior Standing Provides students with an opportunity to gain experience with small community health care systems under the guidance of community physicians. Emphasis is placed on rural health issues, primary care, emergency medicine and other medical disciplines in communities in rural Oklahoma.

**Course Type:** Clinical

## **FM 9059. Community Preceptorship: Ardmore. 160 Clock Hours.**

Prerequisites: Senior Standing Provides students with an opportunity to gain experience with small community health care systems under the guidance of community physicians. Emphasis is placed on rural health issues, primary care, emergency medicine and other medical disciplines in communities in rural Oklahoma.

**Course Type:** Clinical

## **FM 9060. Community Preceptorship: Altus. 160 Clock Hours.**

Prerequisites: Fourth Year Standing. A four-week rotation in a non-metropolitan Oklahoma community, under the direct supervision of doctors selected by the College of Medicine.

**Course Type:** Clinical

## **FM 9061. Community Preceptorship: Chickasaw Nation-Ada. 160 Clock Hours.**

Prerequisites: Senior Standing Provides students with an opportunity to gain experience with small community health care systems under the guidance of community physicians. Emphasis is placed on rural health issues, primary care, emergency medicine and other medical disciplines in communities in rural Oklahoma.

**Course Type:** Clinical

## **FM 9063. Community Preceptorship: Tecumseh. 160 Clock Hours.**

Prerequisites: Fourth Year Standing. A four-week rotation in a non-metropolitan Oklahoma community under the direct supervision of physicians selected by the College of Medicine.

**Course Type:** Clinical

## **FM 9065. Community Preceptorship: Claremore. 160 Clock Hours.**

Prerequisites: Fourth Year Standing. A four-week rotation in a non-metropolitan Oklahoma community, under the direct supervision of doctors selected by the College of Medicine.

**Course Type:** Clinical

## **FM 9066. Community Preceptorship: Duncan. 160 Clock Hours.**

Prerequisites: Fourth year standing. A four-week rotation in a non-metropolitan Oklahoma community, under the direct supervision of doctors selected by the College of Medicine.

**Course Type:** Clinical

## **FM 9067. Community Preceptorship: Durant. 160 Clock Hours.**

Prerequisites: Fourth Year Standing. A four-week rotation in a non-metropolitan Oklahoma community, under the direct supervision of doctors selected by the College of Medicine.

**Course Type:** Clinical

## **FM 9068. Community Preceptorship: Ramona. 160 Clock Hours.**

Prerequisites: Senior Standing. Provides students with an opportunity to gain experience with small community health care systems under the guidance of community physicians. Emphasis is placed on rural health issues, primary care, emergency medicine, and other medical disciplines in communities in rural Oklahoma.

**Course Type:** Clinical

## **FM 9070. Community Preceptorship: Grove. 160 Clock Hours.**

Prerequisites: Fourth Year Standing. A four-week rotation in a non-metropolitan Oklahoma community, under the direct supervision of doctors selected by the College of Medicine.

**Course Type:** Clinical

## **FM 9071. Community Preceptorship: Guthrie. 160 Clock Hours.**

Prerequisites: Fourth Year Standing. A four-week rotation in a non-metropolitan Oklahoma community, under the direct supervision of doctors selected by the College of Medicine.

**Course Type:** Clinical

## **FM 9073. Community Preceptorship: Hobart. 160 Clock Hours.**

Prerequisites: Fourth Year Standing. A four-week rotation in a non-metropolitan Oklahoma community, under the direct supervision of doctors selected by the College of Medicine.

**Course Type:** Clinical

## **FM 9075. Community Preceptorship: McAlester. 160 Clock Hours.**

Prerequisites: Fourth Year Standing. A four-week rotation in a non-metropolitan Oklahoma community, under the direct supervision of doctors selected by the College of Medicine.

**Course Type:** Clinical

## **FM 9076. Community Preceptorship: Miami. 160 Clock Hours.**

Prerequisites: Fourth Year Standing. A four-week rotation in a non-metropolitan Oklahoma community, under the direct supervision of doctors selected by the College of Medicine.

**Course Type:** Clinical

## **FM 9077. Community Preceptorship: Okeene. 160 Clock Hours.**

Prerequisites: Fourth Year Standing. A four-week rotation in a non-metropolitan Oklahoma community, under the direct supervision of doctors selected by the College of Medicine.

**Course Type:** Clinical

**FM 9078. Community Preceptorship: Okmulgee. 160 Clock Hours.**  
Prerequisites: Fourth Year Standing. A four-week rotation in a non-metropolitan Oklahoma community, under the direct supervision of doctors selected by the College of Medicine.

**Course Type:** Clinical

**FM 9079. Community Preceptorship: Pauls Valley. 160 Clock Hours.**  
Prerequisites: Fourth Year Standing. A four-week rotation in a non-metropolitan Oklahoma community, under the direct supervision of doctors selected by the College of Medicine.

**Course Type:** Clinical

**FM 9080. Community Preceptorship: Poteau. 160 Clock Hours.**  
Prerequisites: Fourth Year Standing. A four-week rotation in a non-metropolitan Oklahoma community, under the direct supervision of doctors selected by the College of Medicine.

**Course Type:** Clinical

**FM 9081. Community Preceptorship: Pryor. 160 Clock Hours.**  
Prerequisites: Fourth Year Standing. A four week rotation in a non-metropolitan Oklahoma community, under the direct supervision of doctors selected by the College of Medicine.

**Course Type:** Lecture

**FM 9083. Community Preceptorship: Perry. 160 Clock Hours.**  
Prerequisites: Fourth Year Standing. A four week rotation in a non-metropolitan Oklahoma community, under the direct supervision of doctors selected by the College of Medicine.

**Course Type:** Clinical

**FM 9084. Community Preceptorship: Sayre. 160 Clock Hours.**  
Prerequisites: Fourth Year Standing. A four-week rotation in a non-metropolitan Oklahoma community, under the direct supervision of doctors selected by the College of Medicine.

**Course Type:** Lecture

**FM 9085. Community Preceptorship: Shattuck. 160 Clock Hours.**  
Prerequisites: Fourth Year Standing. A four-week rotation in a non-metropolitan Oklahoma community, under the direct supervision of doctors selected by the College of Medicine.

**Course Type:** Clinical

**FM 9086. Community Preceptorship: Stilwell. 160 Clock Hours.**  
Prerequisites: Fourth Year Standing. A four-week rotation in a non-metropolitan Oklahoma community, under the direct supervision of doctors selected by the College of Medicine.

**Course Type:** Clinical

**FM 9088. Community Preceptorship: Vinita. 160 Clock Hours.**  
Prerequisites: Fourth Year Standing. A four-week rotation in a non-metropolitan Oklahoma community, under the direct supervision of doctors selected by the College of Medicine.

**Course Type:** Clinical

**FM 9089. Community Preceptorship: Watonga. 160 Clock Hours.**  
Prerequisites: Fourth Year Standing. A four-week rotation in a non-metropolitan Oklahoma community, under the direct supervision of doctors selected by the College of Medicine.

**Course Type:** Clinical

**FM 9090. Community Preceptorship: Weatherford. 160 Clock Hours.**  
Prerequisites: Fourth Year Standing. A four-week rotation in a non-metropolitan Oklahoma community, under the direct supervision of doctors selected by the College of Medicine.

**Course Type:** Clinical

**FM 9092. Community Preceptorship: Woodward. 160 Clock Hours.**  
Prerequisites: Fourth Year Standing. A four-week rotation in a non-metropolitan Oklahoma community, under the direct supervision of doctors selected by the College of Medicine.

**Course Type:** Clinical

**FM 9093. Community Preceptorship: Kingfisher. 160 Clock Hours.**  
Prerequisites: Fourth Year Standing. A four-week rotation in a non-metropolitan Oklahoma community, under the direct supervision of doctors selected by the College of Medicine.

**Course Type:** Clinical

**FM 9095. Community Preceptorship: Cushing. 160 Clock Hours.**  
Prerequisites: Fourth Year Standing. A four-week rotation in a non-metropolitan Oklahoma community, under the direct supervision of doctors selected by the College of Medicine.

**Course Type:** Clinical

**FM 9096. Community Preceptorship: Grove. 160 Clock Hours.**  
Provides students with an opportunity to gain experience with small community health care systems under the guidance of community physicians. Emphasis is placed on rural health issues, primary care, emergency medicine, and other medical disciplines in communities in rural Oklahoma.

A clerkship experience that utilizes the faculty and residents of OU/Lawton Family Practice Residency Program in Lawton, Oklahoma. This rotation allows for clinical experiences and educational opportunities in the full range of family medicine, using a community-based training program.

**Course Type:** Clinical

**FM 9556. Family Systems Research. 160 Clock Hours.**

Designed to introduce the student to family systems research, with exposure to research paradigms and information concerning the relationship of family systems and health/illness. In addition the student will be involved in ongoing research projects being carried out by the family medicine faculty.

**Course Type:** Clinical

**FM 9560. Theories and Methods for Analysis of Clinical Decision Making. 160 Clock Hours.**

Prerequisites: Family Medicine Clerkship. To provide students with foundational knowledge about how best to make decisions about individual patients, and the opportunity to apply the methods of decision theory to analyze a perplexing clinical situation.

**Course Type:** Independent Study

**FM 9561. Research Projects in Family Medicine. 80-160 Clock Hours.**

Prerequisites: Completion of Medicine and Pediatric Clerkship or by permission. Clinical research in areas of interest in family medicine, such as natural history of diseases, outpatient management of certain diseases, patient compliance, preventive health care, epidemiology.

**Course Type:** Clinical

**FM 9562. Family Medicine in Community Urban Setting. 80-160 Clock Hours.**

Prerequisites: Fourth Year Standing/Passing score on USMLE Step 1 examination. Emphasis on outpatient medicine with special focus on evidence-based and patient-centered approaches, psychosocial issues, and comprehensive case management. Well-suited for students planning to engage in a busy practice where sound clinical skills and clinical decision making principles are paramount. Excellence in academia, combined with managed care survival skills.

**Course Type:** Clinical

**FM 9563. Primary Care Geriatrics. 160 Clock Hours.**

Course includes inpatient, outpatient, and nursing home experience with assessment and management of frail elderly patients. Students gain experience working as interdisciplinary team and attend bi-weekly didactic conferences. Individualization of experience possible.

**Course Type:** Clinical

**FM 9568. Family Medicine Externship. 80-160 Clock Hours.**

Prerequisites: Fourth Year Standing. May be repeated; maximum credit 160 hours. Curriculum will be individualized to student's needs/goals. The core of each student's experience will include evaluation/management of patients under preceptor supervision. Currently available areas of focus include: obstetric care, sports medicine, geriatrics, inpatient care, family systems, and clinical decision making.

**Course Type:** Clinical

**FM 9569. Community Health I. 80 Clock Hours.**

Prerequisites: Student must be in good academic standing in order to participate in this elective. Student will volunteer to work 80 hours throughout all four years at assigned charity clinics under appropriate supervision. Students must complete their obligatory hours by May 1st of their fourth year. Students must complete a narrative "Reflection" or approved "Community Project" upon completion of the designed hours of service.

**Course Type:** Clinical

**FM 9570. Computers In Medicine. 160 Clock Hours.**

Course will be flexible, individualized program based on a defined set of competencies for the use of computers in medical practice. Program will build on the student's identified needs and interests. Topics include but are not limited to DOS/Macintosh, electronic medical records, internet, telemedicine, practice management, literature searching.

**Course Type:** Clinical

**FM 9572. Community Health II. 80 Clock Hours.**

Prerequisites: Student must be in good academic standing in order to participate in this elective. Students will volunteer to work 80 hours during the third and fourth years at assigned charity clinics under appropriate supervision. Students must complete their obligatory hours by May 1st of their fourth year. This service would be in addition to any service hours applied to the CHI elective.

**Course Type:** Clinical

**FM 9573. Evidence Based Answers to Clinicians'. 160 Clock Hours.**

Prerequisites: 4th Year Standing Physicians need to understand the evidence for their diagnoses and treatments, and to participate in communicating evidence-based recommendations to other physicians. This MS 4 rotation provides experience searching and summarizing the medical research literature to answer a question that primary care providers have stated that they would like to know.

**Course Type:** Independent Study

**FM 9700. Family Medicine Longitudinal Integrated Clerkship. 0-155 Clock Hours.**

Prerequisites: Third-year medical student in good standing at the School of Community Medicine. This course is a clinical experience with adult inpatients with non-surgical illnesses at various levels of activity and complexity. Students will learn the application of the clinical method, development of a therapeutic relationship, effective medical record-keeping, and efficient utilization of resources. (R; III)

**Course Type:** Clinical

**FM 9960. Off-Campus Elective in Family Medicine. 80-160 Clock Hours.**

Prerequisites: Student must have written approval of OU Department Course Director. May be repeated; maximum credit 320 hours. An off-campus elective is defined as work not at the Health Sciences Center, College of Medicine-Tulsa, or in a formally affiliated hospital; nor under the direct supervision of a member of the full-time faculty of the College of Medicine. A statement from the course director of the proposed elective concerning the supervision and grading of student's experience and a detailed course description of the proposed elective are required.

**Course Type:** Clinical

**FM 9980. Special Studies. 1-320 Clock Hours.**

Prerequisites: Approval of Associate Dean, College of Medicine and Department Head. May be repeated with change of subject matter, multiple enrollment within same term, maximum 320 clock hours. Topics of special nature or of unusual interest to the individual student.

**Course Type:** Clinical
