

# BSN TO DNP PSYCHIATRIC MENTAL HEALTH NURSE PRACTITIONER PROGRAM

## About

The **Doctor of Nursing Practice (DNP)** is a *practice doctorate* that prepares clinical scholars recognized for outstanding leadership and innovative evidence-based patient/population centered outcomes. The program focuses on interprofessional collaboration and developing competencies in practice, leadership, and quality improvement and safety that lead to enhanced outcomes important to patients, families, providers, and organizations.

The BSN to DNP curriculum is in line with the National Organization of Nurse Practitioner Faculties' (NONPF) and American Association of Colleges of Nurses (AACN) commitment to move all entry-level nurse practitioner education to the DNP degree by 2025. The program is an integration of the objectives and learning opportunities required for attainment of doctoral level core and population-focused competencies.

The **Psychiatric Mental Health Nurse Practitioner** pathway is designed to prepare skilled Nurse Practitioners to provide a full range of primary mental health care services across the lifespan. Graduates of this program are registered nurses with advanced education who are able to assess, make diagnoses, manage health care, prescribe medicines, and evaluate care for persons who have mental illness and co-occurring disorders.

The NP pathway offers 4-year part-time and 3-year full-time options to fit the schedules of working nurses. Many classes are offered online but there are on-campus learning requirements in some classes. On-campus learning consists of standardized patient visits, labs with clinical skills and physical assessments, and objective structured clinical exams. For additional information about this program, please contact [nursing@ouhsc.edu](mailto:nursing@ouhsc.edu).

Post-Graduate Certificate tracks are available. For additional information, please review our Post-Graduate Certificate page.

The Psychiatric Mental Health Nurse Practitioner curriculum prepares graduates to apply for and sit for the American Nurses Credentialing Center Psychiatric Mental Health Nurse Practitioner certification exam.

## Cost

It is the student's responsibility to ensure they are enrolled in the prescribed courses and to pay tuition and fees at the time designated by the Bursar's Office. Details regarding tuition/fee charges and collection are available from the Bursar's Office.

## Admissions

Clinical Rotations will be performed in the state of Oklahoma. Due to federal regulations from the Department of Education, the College of Nursing currently accepts applications for its online doctoral degree programs from residents of the states participating in the State Authorization Reciprocity Agreements (SARA). A list of participating states can be found at: <http://nc-sara.org/sara-states-institutions> (<http://nc-sara.org/sara-states-institutions/>). Applicants are encouraged to

check with their local State Boards of Nursing regarding any specific professional licensure requirements prior to applying or enrolling.
